 - (1) the period provided for by law; and
 - (2) the period provided for by the applicable Collective Agreement.
 - (iv) A period of up to 24 consecutive months during which no Employee or Employer Contributions are made but during which there is litigation or some other action which may result in Employee or Employer Contributions being made retroactively at some future date for all, or some, of that period.
- (c) Notwithstanding subsections 4.03(a) and (b), a Break in Service shall also occur if:
 - (i) a Participant ceases all Covered Employment and makes application for and establishes entitlement to payment of a Benefit pursuant to subsection 6.02(e); or,
 - (ii) a Participant elects to incur a Break in Service after 24 consecutive months during which no Self Payments or Contributions were paid or required to be paid to the Plan.

4.04 Self-Payments

- (a) A Participant may make Self-Payments directly to the Trust Fund in order to remain a Participant when transferring from employment with one Contributing Employer to employment with another Contributing Employer, and before completion of the 975 hours required for the new Contributing Employer to begin making Contributions on the Participant's behalf. Such self-payments will be permitted if the Participant:
 - (i) terminates employment with a Contributing Employer;
 - (ii) is employed by another Contributing Employer before incurring a Break in Service;
 - (iii) makes written application to the Trustees, in a manner prescribed by the Trustees; and
 - (iv) makes payments at a rate of contribution and for a period of time prescribed by the Trustees, in accordance with the *Income Tax Act* limits.
- (b) A Participant may make Self-Payments directly to the Trust Fund in order to remain a Participant while the Participant is on an approved leave of absence or on lay-off and subject to recall pursuant to the terms of the applicable Collective Agreement, provided the Participant:
 - (i) makes a written application to the Trustees, in a manner prescribed by the Trustees; and
 - (ii) makes payments at a rate of contribution and within the time period prescribed by the Trustees, in accordance with the *Income Tax Act* limits.
- (c) A Participant may make written application to the Trustees for authorization to make Self-Payments directly to the Trust Fund so that Participant may remain a Participant in the Plan during a period in which the Participant is absent from the workplace due to a physical or mental impairment that prevents the Participant from performing the duties of the employment in which the Participant was engaged immediately prior to the commencement of the impairment.
 - (i) No such application shall be processed by the Trustees until after the Participant has been absent from the workplace for at least 120 consecutive days of employment due to the physical or mental impairment.
 - (ii) When making such an application, the Participant must provide documentation establishing that she is in receipt of long-term

disability benefits from the employer, an insurance company, or the Canada Pension Plan, for the period in question. The Trustees shall be the sole and final judges of the sufficiency of such documentation and whether any Participant shall be permitted to make Self-Payments.

- (iii) A Participant electing to make Self-Payments shall do so at a rate and within the time period prescribed by the Trustees, in accordance with the *Income Tax Act* limits.
- (iv) In no event shall the Self-Payments made by a Participant during a period of absence from the workplace due to physical or mental impairment exceed the Employee Contributions that the Participant would have made during the period of absence had the Participant continued to perform the duties of her employment at the same rate of pay as she received immediately prior to the commencement of the Participant's absence from the workplace.

4.05 Portability Option

- (a) Subject to Section 5.05, all Former Participants, except those whose most recent employment with a Contributing Employer ended between October 1, 2015 and June 1, 2016 and those actively transferring their Benefits out of the Plan on June 1, 2016, who are not entitled to an immediate Pension, may transfer their Portable Commuted Value to:
 - (i) another registered pension plan if that other plan permits;
 - (ii) a retirement savings arrangement prescribed by the Act and registered under the *Income Tax Act*; or
 - (iii) purchase a deferred life annuity of the kind permitted by the Act.
- (b) Former Participants, whose most recent employment with a Contributing Employer ended between October 1, 2015 and June 1, 2016 and incur a Break in Service and those actively transferring their Benefits out of the Plan on June 1, 2016, have the Portability Options described in section 4.05 of the rules and regulations of the Plan as it read on May 31, 2016.
- (c) Notwithstanding the above, if a transfer pursuant to subsection 4.05(a) or (b) would impair the funding of the Plan, such a transfer may not be made without the consent of the Superintendent of Financial Services (Ontario).
- (d) A termination of participation pursuant to subsection 4.05(a) shall be effective on the date that the Former Participant's election is received by the Trustees.

4.06 Credit Due to Work-Related Injury

A Participant who is absent from work with an Employer due to a work-related injury for which she is receiving loss of earnings benefits from the Workplace Safety and Insurance Board, or similar work-related-injury benefits from an insurance company retained by her Employer if it is not covered by the Workplace Safety and Insurance Board, shall be credited with the Employer Contributions that would otherwise have been remitted to the Trust Fund on her behalf had she not been injured, for a maximum of 12 months. The amount of the Employer Contributions to be credited shall be based on the Participant's average weekly wage during the last four complete weeks of work prior to the date last worked and the Contribution Rate in effect on that date.

Participants shall be permitted to make Self-Payments during absences from work with an Employer due to a work-related injury for which she is receiving loss of earnings benefits from the Workplace Safety and Insurance Board, or similar work-related-injury benefits from an insurance company retained by her Employer if it is not covered by the Workplace Safety and Insurance Board. In no event shall such Self-Payments exceed the Employee Contributions that the Participant would have made during the period of absence had she continued to perform the duties of her employment at the same rate of pay as that received immediately prior to her absence from the workplace.

ARTICLE 5 - APPLICATIONS, BENEFIT PAYMENTS, AND RETIREMENT

5.01 Applications

Application for a Pension must be made in writing in the form and manner prescribed by the Trustees.

5.02 Information and Proof

Every Participant, Former Participant, Pensioner, Spouse or Beneficiary shall furnish, upon the request of the Trustees, any information or proof required for the administration of the Plan, or for the determination of any matter that the Trustees may have before them. Failure to furnish such information or proof promptly and in good faith shall be sufficient reason for the denial of Benefits for such Participant, Former Participant, Spouse or Beneficiary, or the suspension or discontinuance of Benefits to such Pensioner. The falsity of any statement material to an application or the furnishing of fraudulent information or proof shall be sufficient reason for the denial, suspension, or discontinuance of Benefits, and in any such case the Trustees shall have the right to recover any Benefits paid in reliance thereon.

5.03 Action of Trustees

The Trustees shall be the sole judge of:

- (a) the standard of proof required in any case,
- (b) the application and interpretation of this Plan,
- (c) entitlement to or amount of a Pension or Benefits; and

- (d) the crediting of Past Service and Current Service.

The decisions of the Trustees with respect to any of the foregoing shall be final and binding on all parties.

5.04 Benefit Payments

- (a) A Normal Pension, or a deferred Pension that is payable on or after the Normal Retirement Date shall first be payable on the later of:
 - (i) the month following the month in which the Participant or Former Participant attains Normal Retirement Age; or
 - (ii) the month following the month in which the Participant or Former Participant last worked in Covered Employment.

Notwithstanding the foregoing, a Normal Pension or a deferred Pension that is payable on or after Normal Retirement Age shall commence no later than December 1st of the Calendar Year in which the Participant or Former Participant attains age 71.

- (b) An Early Retirement Pension, or a deferred Pension that is payable before the Normal Retirement Date, shall first be payable on the latest of:
 - (i) the month following the month in which the application is received;
 - (ii) the month following the month in which the Participant or Former Participant last worked in Covered Employment; or
 - (iii) the month for which the Participant or Former Participant has elected to begin receiving the Pension.
- (c) A Pre-Retirement Survivor Benefit shall first be payable for the month following the month of death of the Participant or Former Participant.
- (d) Payment of a Pension, which is not a Joint and Survivor Pension, shall end with the payment for the month of death of the Pensioner unless a standard form or optional form of Pension with a minimum number of payments was elected. If a standard form or an optional form of Pension with a minimum number of payments was elected pursuant to Article 6, the present day value of any outstanding payments shall be paid as a lump sum to the Beneficiary or estate of the deceased Pensioner.

5.05 Commutation of Small Pension

If the Pension payable at Normal Retirement Age would be less than \$100 per month, the Trustees shall pay to the Participant or Former Participant the Portable Commuted Value of the Pension, plus any amount payable to her pursuant to Section 3.14, as a lump sum

in full settlement of any and all Benefits to which the Participant or Former Participant is entitled.

Notwithstanding the foregoing, if the Commuted Value of the Pension payable at Normal Retirement Age is less than 20% of the YMPE for the Calendar Year in which the Participant incurs a Break in Service, retires or dies, but greater than the amount described in the paragraph immediately above, the Participant, Former Participant or surviving Spouse may elect to receive the Portable Commuted Value of the Pension, plus any amount payable to them pursuant to Section 3.14, as a lump sum in full settlement of any and all Benefits to which the Participant, Former Participant or surviving Spouse is entitled

Upon the election of the recipient, such a lump sum payment may be transferred to a registered retirement savings plan to the extent that such a transfer is permitted by the *Income Tax Act*.

5.06 Retirement Defined

- (a) A Participant or Former Participant is considered to be retired:
 - (i) upon attainment of retirement age, cessation of employment in all Covered Employment and her application for a Pension; or
 - (ii) December 1st of the Calendar Year in which the Participant or Former Participant attains age 71.
- (b) A Pensioner who has not yet attained age 65 must not engage in Covered Employment. If such a Pensioner does so, the Pension of that Pensioner shall be immediately suspended:
 - (i) for the duration of such Covered Employment;
 - (ii) until the Participant attains age 65 and makes an election pursuant to subsection 5.06(c)(i) below;
 - (iii) or until December 1st of the Calendar Year in which the Participant or Former Participant attains age 71, whichever occurs first.
- (c) If a Pensioner, who has attained age 65, engages in Covered Employment, such Pensioner must immediately elect to:
 - (i) continue to receive her Pension and accrue no further Benefits in the Plan; or
 - (ii) direct the Trustees to immediately suspend her Pension for the duration of such employment, or until December 1st of the Calendar Year in which she attains age 71, whichever occurs first, and thus resume accruing Benefits in the Plan.

If such a Pensioner fails to immediately make an election, her Pension shall be suspended for: the duration of such employment; until such an election is made; or until December 1st of the Calendar Year in which she attains age 71, whichever occurs first.

- (d) No Employee or Participant shall accrue additional Benefits based on employment with a Contributing Employer after December 1st of the Calendar Year in which the Employee or Participant attains age 71.
- (e) The Plan will not accept Contributions or Self payments, by or on behalf of a Pensioner receiving a Pension, or Contributions or Self Payments, which relate to hours worked by an Employee or Participant after December 1st of the Calendar Year in which that Employee or Participant attained age 71.

5.07 Benefit Payments Following Suspension

- (a) A Pensioner who returns to Covered Employment for an insufficient period of time to accumulate at least \$100 of additional Contributions shall not be entitled to a higher Pension on subsequent termination of employment.
- (b) A Pensioner who returns to Covered Employment and accumulates at least \$100 of additional Contributions shall, upon subsequent retirement, be entitled to a re-computation of her Pension. This re-computation shall be based on all additional Contributions, the Pensioner's attained age upon resumption of the Pension, and the reduction of the Pensioner's age by the number of months for which a Pension was previously received.

5.08 Designation of Beneficiary

- (a) A Participant, Former Participant or Pensioner may designate a Beneficiary, or Beneficiaries, to receive Benefits pursuant to sections 3.09, 6.01 and 6.02. The Participant, Former Participant or Pensioner may also designate a successor Beneficiary in the event that the Beneficiary predeceases the Participant, the Former Participant or the Pensioner.
- (b) A Participant, Former Participant or Pensioner shall have the right to change or revoke the Beneficiary designation, but no change or revocation shall be effective or binding upon the Trustees unless notice of the change is received by the Trustees in writing prior to the time any payments are made to the Beneficiary whose designation is on file with the Trustees.

5.09 Incompetence or Incapacity of a Pensioner, Spouse or Beneficiary

In the event that it is determined under the provisions of applicable legislation that a Pensioner, surviving Spouse or Beneficiary is unable to care for her affairs because of mental or physical incapacity, the Trustees may pay the Benefits due such Pensioner, surviving Spouse or Beneficiary to the respective legal guardian, committee, or legal representative of that Pensioner, surviving Spouse or Beneficiary. Payment by the Trustees to such legal guardian, committee or legal representative shall operate to

discharge the Trustees from any liability to such Pensioner, surviving Spouse or Beneficiary or to anyone representing their interests.

5.10 Non-Assignment of Benefits

No Employee, Participant, Former Participant, Pensioner or Spouse shall have the right to assign, charge, alienate, transfer, sell, hypothecate, mortgage, give as security, encumber, pledge, commute, surrender, or anticipate any Benefits, Pension payments or portions thereon and any such act or similar transaction shall be void and of no effect, and any such arrangements shall not be binding on the Trustees.

Notwithstanding the foregoing, the following shall not be considered as violation of the provisions of this Section:

- (a) assignment pursuant to a decree, order or judgement of a competent tribunal or a written agreement in settlement of rights arising as a consequence of the breakdown of a spousal relationship or other conjugal relationship between a person and the person's spouse or former spouse;
- (b) assignment by the legal representative of a deceased person for the distribution of the person's estate; and
- (c) reduction of Benefits to avoid the revocation of registration of the Plan under the *Income Tax Act*.

5.11 Division of Benefits Upon Termination of a Spousal Relationship

If a Participant, Former Participant or Pensioner obtains a divorce, annulment or separation, the allocation of her Benefits or their Commuted Value, and the method of payment, shall be subject to the restrictions imposed by the Act and the *Family Law Act* (Ontario). The Plan shall charge the maximum amount permitted by the Act to make such an allocation.

In no case may the actuarial present value of the Benefits paid to the Participant, Former Participant, or Pensioner and her former Spouse be greater than what would have been payable had the spousal relationship not terminated.

5.12 Member Search Expenses

If the Plan incurs expenses at any time to locate, or attempt to locate, a Participant, Former Participant or surviving Spouse whose contact information on file with the Plan is not valid, the Commuted Value of that Participant's, Former Participant's, or surviving Spouse's Benefits will be reduced by the amount of such expenses incurred. If such expenses exceed the Portable Commuted Value of that Participant's, Former Participant's or surviving Spouse's entitlement, that entitlement shall be extinguished, and no further searches will be made for that Participant, Former Participant or surviving Spouse. A detailed record of all such search expenses shall be maintained in the file of each Participant, Former Participant or surviving Spouse for whom the Plan has searched.

ARTICLE 6 - STANDARD AND OPTIONAL FORMS OF PAYMENT

6.01 Standard Form

(a) For a Participant or a Former Participant Who Does Not Have a Spouse

For a Participant or a Former Participant who does not have a Spouse, the standard form of payment for a Pension shall be an equal monthly amount for life with a minimum of 60 payments.

If a Pensioner who is receiving a Pension dies after the effective date of the Pension, but before receiving 60 monthly payments, the present day value of the outstanding payments shall be paid to her Beneficiary or estate as applicable.

In lieu of the minimum 60 Payments, a Participant entitled to a Pension may elect one of the optional forms of Pension set out below subject to the conditions therein.

(b) For a Participant or a Former Participant Who has a Spouse - Joint and Survivor Pension

For a Participant or a Former Participant who has a Spouse, the standard form of Pension shall be a Joint and Survivor Pension in which the monthly amount of the Pension is reduced from the full amount otherwise payable so that 60% of the reduced monthly Pension will continue to be paid after the Pensioner's death for the lifetime of the Pensioner's Spouse. The reduction of the Pension shall be determined by the Trustees on the advice of the Actuary so that the expected cost of the Joint and Survivor Pension is the actuarial equivalent of a single life Pension with a minimum of 60 payments. This form of Pension may be waived if the Participant or Former Participant files with the Trustees a written waiver, in the form approved by the Superintendent of Financial Services (Ontario), that is signed by the Participant or Former Participant and the Spouse of the Participant or Former Participant. Such Waiver must be filed with the Trustees during the 12-month period immediately preceding the first payment of the Pension.

Payment of the 60% Joint and Survivor Pension shall be subject to the following conditions;

- (i) The 60% Joint and Survivor Pension is payable for the lifetime of the Pensioner and the surviving Spouse and does not terminate on the remarriage of the surviving Spouse.
- (ii) The Trustees shall be entitled to rely on the written representation provided by the Participant or Former Participant with her application for a Pension as to whether or not the Participant or the Former Participant has a Spouse. This reliance shall include the right to

deny Benefits to a person claiming to be the Spouse of a Participant or Former Participant in contradiction to the written representation on file.

- (iii) If the Spouse dies prior to the first month for which a Pension is payable to the Pensioner, the Joint and Survivor Benefit will not be operative and the Pensioner will be treated as if she did not have a Spouse.
- (iv) Once the Pension becomes payable, the monthly amount shall not be increased upon the subsequent breakdown of the spousal relationship or should the Pensioner's Spouse predecease the Pensioner.
- (v) If the Participant or Former Participant is not living on the first day of the first month for which a Pension is payable, the Joint and Survivor Pension shall not be operative and Pre-Retirement Survivor Benefit or the Pre-Retirement Death Benefit, whichever is applicable, shall then apply.

6.02 Optional Forms of Pension

- (a) A Participant or Former Participant may elect to receive an optional form of Pension in lieu of the standard form provided that:
 - (i) the standard form of Pension is not mandatory for the Participant or Former Participant under the terms of the Plan or the Act; and
 - (ii) the Participant or Former Participant has elected the optional form prior to the first payment of Pension to the Participant or Former Participant.
- (b) The amount of Pension under each optional form of payment shall be adjusted from the amount payable under the standard form in accordance with formulas adopted by the Trustees to ensure the equivalence of the expected actuarial cost of each option and the standard form.
- (c) The optional forms of payment are:
 - (i) **Life Only Pension:** a Pension payable for the Pensioner's lifetime.
 - (ii) **Life Pension with 10 Years Certain** is a Pension payable for the Pensioner's lifetime with a minimum of 120 payments. If a Pensioner who is receiving a Life Pension with 10 Years Certain Pension dies after the effective date of the Pension, but before receiving 120 monthly payments, the present day value of the outstanding payments shall be paid to her Beneficiary or estate, as applicable.

- (iii) **Life Pension with 15 Years Certain** is a Pension payable for the Pensioner's lifetime with a minimum of 180 payments. If a Pensioner who is receiving a Life Pension with 15 Years Certain Pension dies after the effective date of the Pension, but before receiving 180 monthly payments, the present day value of the outstanding payments shall be paid to her Beneficiary or estate, as applicable.
 - (iv) **Joint and Survivor Pension:** a Pension payable for the Pensioner's lifetime, with the provision that after the Pensioner's death, 50%, 75%, or 100%, as elected by the Pensioner, shall be payable to and during the lifetime of the Spouse, if such Spouse is surviving at the date of the Pensioner's death.
- (d) Conditions of Election
- (i) Election of a Life Only Pension, a Life Pension with a minimum number of monthly payments, or a 50% Joint and Survivor Pension shall be subject to the following conditions:
 - (1) For a Participant or Former Participant who has a Spouse, receipt of a Life Only Pension, a Life Pension with a minimum number of monthly payments or a 50% Joint and Survivor Pension is only available if the Participant or Former Participant provides the Trustees with a written waiver in accordance with the requirements of subsection 6.01(b).
 - (2) The election must be made in writing on a form prescribed by the Trustees and filed with the Trustees prior to the first payment of the Pension.
 - (3) Once an optional form of Pension begins to be paid, it may not be revoked.
 - (4) Election of any of these options is in lieu of the 60 minimum monthly payments provided for in Section 6.01(a).
 - (ii) If the Spouse dies before the Joint and Survivor Pension becomes effective, the election will be void and the Participant or Former Participant will be treated as if no such election had been made. However, if the Spouse dies after the Joint and Survivor Pension becomes effective, the election shall remain in effect and the Pensioner shall continue to receive payments in the amount provided for by the Joint and Survivor Pension.
- (e) Shortened Life Expectancy
- If a Participant, Former Participant or Pensioner has a mental or physical disability that is certified by a medical practitioner to likely shorten her life expectancy to less than two years, that Participant, Former Participant or

Pensioner may elect to receive the Portable Commuted Value of her Benefits, plus any amount payable to her pursuant to Section 3.14, as a lump sum.

A Participant or Former Participant who has a Spouse, or a Pensioner who had a Spouse on the effective date of the Pension, may only make such an election if the Trustees have received statements from the Participant, Former Participant or Pensioner and the Spouse, which includes all the information required by the Act, including, but not limited to a statement from the Spouse that the Spouse is aware of the Plan's spousal entitlement and waives those entitlements. This statement must be signed by the Spouse no more than 60 days prior to its receipt by the Trustees.

(f) Non-Residency

Upon providing the Trustees with written evidence that the Canada Revenue Agency has confirmed her status as a non-resident for the purposes of the *Income Tax Act* (Canada), a Former Participant may transfer the Portable Commuted Value of her Benefits out of the Plan, plus any amount payable to her pursuant to Section 3.14, as a taxable lump sum.

A Former Participant, who has a Spouse, may only make such an election if the Trustees have received a statement from the Spouse, in the form prescribed by the Act, stating that the Spouse is aware of the spousal entitlements of the Plan and waives those entitlements.

ARTICLE 7 - AMENDMENT, TERMINATION AND GENERAL PROVISIONS

7.01 Amendments

The Trustees may amend or modify this Plan at any time in accordance with the Trust Agreement including, but not necessarily limited to, changes in Benefit amounts, types of Benefits and conditions of eligibility. No amendment or modification may enable any of the assets of the Trust Fund to be returned or paid to a Contributing Employer, a Union or a Local Union.

Notwithstanding the amount of Benefits payable under the terms of the Plan, if the assets of the Plan and expected Contributions are, in the estimation of the Actuary, insufficient to pay the level of Benefits provided for by the Plan, the Trustees may reduce the Benefits payable, provided such reduction is applied equitably, and provided such reduction is no greater than that required to reduce Benefits to a level which can be supported by the assets and Contributions.

Furthermore, the Trustees may amend this Plan to reduce the Benefits accrued by a person to the extent that such reduction is required to avoid the revocation of the registration of the Plan under the *Income Tax Act*.

In the event that there is a windup deficiency upon the full wind up of the Plan, the Trustees shall amend this Plan to reduce the Benefits accrued by affected Participants,

Former Participants and Pensioners to the extent that such reduction is required to eliminate the windup deficiency.

7.02 Non-Reversion

It is expressly understood that in no event shall any of the corpus or assets of the Trust Fund revert to the Contributing Employers or be subject to any claims of any kind or nature by any Contributing Employers, except for the return of erroneous Contributions where, in the opinion of the Trustees, there is no prejudice to the Trust Fund and an application for refund is made within 12 months of the remittance of the erroneous Contributions, or the return of Employer Contributions is required to avoid revocation of registration of the Plan under the *Income Tax Act*.

7.03 Limitation of Liability

This Plan has been adopted on the basis of actuarial calculations which established that the Contributions will, if continued, be sufficient to maintain the Plan on a permanent basis. However, it is recognized that the Benefits provided by the Plan can be paid only to the extent that the Plan has sufficient resources to pay those Benefits.

No Contributing Employer or Employee has any liability, directly or indirectly, to provide the Benefits established by this Plan beyond the obligation of to make Contributions pursuant to the applicable Collective Agreement or Participation Agreement. In the event that at any time the Trust Fund does not have sufficient assets to permit continued payments under this Plan, nothing contained in the Plan or the Trust Agreement shall be construed as obligating a Contributing Employer or an Employee to make Contributions other than the Contributions for which a Contributing Employer or Employee is required to make pursuant to a Collective Agreement, or other documents or agreements. There shall be no liability upon the Trustees individually or collectively, or upon a Contributing Employer, or a Union or Local Union to provide the Benefits established by this Plan if the Trust Fund does not have sufficient assets to pay such Benefits.

7.04 Termination of Obligation to Contribute

If a Union or Local Union and a Contributing Employer should enter into a Collective Agreement requiring Contributions, and then fail to renew such agreement, the Trustees have the authority to take such action as is necessary to maintain the financial soundness of the Trust Fund.

If a Contributing Employer and a Union or Local Union enter into an agreement which does not require a Contributing Employer to continue to make Contributions, the Trustees shall have the right to terminate or reduce any Benefits payable to Employees and former Employees of that Contributing Employer if they determine, at their sole discretion, that doing so is required to maintain a financially sound relationship between the Contributions received on their behalf and their accrued Benefits.

7.05 Plan Termination or Wind-up.

- (a) Notwithstanding anything contained herein, the Trustees may wind-up or terminate the Plan in accordance with the Trust Agreement, the Act and any

other applicable legislation, or modify or amend any or all of these provisions for any reason at any time.

- (b) If, upon the winding-up of the Plan, in whole or in part, there are not sufficient assets in the Trust Fund to pay all such Benefits, Benefits shall be reduced *pro rata*, or as otherwise determined by the Trustees in an equitable manner, so that there is no liability on the Union or any Contributing Employer to contribute to the Plan any amount which is in excess of the amounts required of a Contributing Employer by an applicable Collective Agreement.
- (c) As of the date of wind-up, the Trustees shall:
 - (i) provide for payment from the Trust Fund of any and all obligations of the Plan, including the provision of Pensions and other Benefits to Participants, Former Participants, Pensioners and estates accrued up to the date of termination in an equitable manner determined by the Trustees in accordance with Act and all expenses incurred up to the date of wind-up and all expenses incidental to such termination including those incurred after the date of wind-up;
 - (ii) arrange for a final audit and report of their transactions and accounts, for the purpose of termination of their Plan, the Trust Fund and their Trusteeship; and
 - (iii) give any notice and prepare and file any reports which may be required by the Act or other applicable legislation.

7.06 Administrative Interpretation

The Trustees may, at their sole discretion, adopt such administrative interpretations of this Plan as they consider necessary to carry out the intent and purpose of the Plan, and provide for its prudent administration.

7.07 Application of Amendments

Unless specifically provided for in the amendment, no amendment to this Plan will be deemed to grant new or improved Benefits or rights nor reduce the Benefits accrued by a person who has ceased to be a Participant or has become a Pensioner prior to the effective date of the amendment.

ARTICLE 8 - TERMINATION OF EMPLOYER PARTICIPATION

8.01 Cause of Termination

The participation of a Contributing Employer shall terminate:

- (a) when the Contributing Employer is no longer obligated by a Collective Agreement or other documents or agreements to make Contributions on the basis required by the Trustees; or

- (b) when the Contributing Employer fails to pay an amount due the Trust Fund, and termination is deemed appropriate by the Trustees; or
- (c) when the Contributing Employer fails to comply with administrative procedures adopted by the Trustees, and termination is deemed appropriate by the Trustees.

ARTICLE 9 - PROVISIONS FOR INDIVIDUALS SUBJECT TO NON-ONTARIO LAW

9.01 Individuals Subject to the Non-Ontario Law

These Rules and Regulations have been written to comply with the provisions of the Act. For individuals subject to the pension law of a province other than Ontario, the applicable pension law of that other province shall apply, but only to the extent that the law of such province is contrary to these Rules and Regulations.

9.02 Individuals Subject to the Pension Law of Alberta

Without limiting the generality of Section 9.01, and notwithstanding the provisions of Articles 1 to 8 of these Rules and Regulations, the following provisions shall apply for individuals subject to the pension law of Alberta, and the provisions of Articles 1 to 8 shall be considered to be amended with respect to such individuals.

SCHEDULE "A"

ALBERTA

For compliance with the *Employment Pension Plans Act* (Alberta) and the regulations thereunder, the following provisions shall apply to individuals subject to the pension laws of Alberta.

1. Section 1.03 Beneficiary

For individuals subject to the pension law of Alberta, Section 1.03 shall read as follows:

Section 1.03 – Beneficiary

"Beneficiary" when used in reference to a Participant or Former Participant subject to the pension law of Alberta means an individual designated pursuant to subsection 71(2) of the *Wills and Succession Act* (Alberta) to receive a Benefit from the Plan upon the death of the Participant or Former Participant.

2. Section 1.32 - Definition of Spouse

For individuals subject to the pension law of Alberta, Section 1.32 shall read as follows:

Section 1.32 – Spouse

"Spouse" when used in reference to an individual subject to the pension law of Alberta means:

- (a) a person who, at the relevant time, was married to the Participant or Former Participant and had not been living separate and apart from the Participant or Former Participant for a continuous period longer than three years; or
- (b) if there is no person to whom (a) above applies, a person who, immediately preceding the relevant time, had lived with the Participant or Former Participant in a conjugal relationship for a continuous period of at least three years, or of some permanence if there is a child of the relationship by birth or adoption.

For the purposes of Section 3.09, "Spouse" shall mean a person who meets the above definition and who, on the date of death of the Participant or Former Participant, is not living separate and apart from the Participant or Former Participant.

For the purposes of Section 6.01, "Spouse" shall mean a person who meets the above definition and who is not living separate and apart from the Participant or Former Participant on the date that payment of the first installment of the Pension is due.

An Employee subject to the pension law of Alberta shall become a Participant on the first day of the month following the earlier of: the Employee's completion of 975 hours of employment with a Contributing Employer, or such lesser number of hours of employment as may be specified in the applicable Collective Agreement; or the Employee having earned from Covered Employment with one or more Contributing Employers not less than at 35% of the YMPE in each of two consecutive Calendar Years.

4. Subsection 3.07(b) – Pre-Retirement Survivor Benefit – Eligibility

For individuals subject to the pension law of Alberta, subsection 3.07(b) shall read as follows:

3.07(b) The right of the Spouse of a Participant or Former Participant to the Pre-Retirement Survivor Benefit may be waived by providing a waiver, in the form prescribed by the *Employment Pension Plans Act* (Alberta), to the Trustees before or after the Participant's or Former Participant's death but before the payment of any Benefits. If such a waiver is filed with the Trustees, and not revoked, the Participant or Former Participant shall be considered not to have a Spouse for purposes of the Pre-Retirement Survivor Benefit and the Pre-retirement Death Benefit provisions shall apply. Furthermore, if the Participant or Former Participant has designated or designates that Spouse as her Beneficiary, then the waiver also applies with respect to any Benefits that the Spouse would otherwise have received as Beneficiary.

5. Subsection 3.08 - Pre-Retirement Survivor Benefit - Amount

For individuals subject to the pension law of Alberta, Section 3.08 shall read as follows.

3.08 Pre-Retirement Survivor Benefit – Amount
